7IM impress the Voters - New Awards 2010

L to R: Jamie Sutherland, Comedian - Robert Poulten, 7IM Head of Sales - Sarah Smith, FT Adviser Online Advertising Manager

We are not in a financial version of The X Factor but...

At the risk of sounding as though we had been entered for various talent shows, I am delighted to announce that we at Seven Investment Management have been awarded two 5 star accolades for our services.

1. **FT Adviser Online Service Award - 5 Star Investment provider for the 7IM Platform.** Rated by financial advisers, the five star rating is awarded for excellent service.
2. The 7IM Platform also gained a prestigious **Defaqto 5 Star Rating** following their IFA platform satisfaction survey. Defaqto is a leading UK independent financial research company.

Whilst we don't court awards it is always very encouraging to receive such recognition from the financial advisers who use our services.

My thanks to all who have supported us and my congratulations to all the Team in 7IM who quite rightly deserve these awards for all their successful effort and dedication.

Thank you.

Justin
