

FOR IMMEDIATE RELEASE

5 SEPTEMBER 2018

## **7IM: PENSIONS DASHBOARD, MARK TWAIN AND THE NEED TO AVOID A 'MAKE DO AND MEND' SCENARIO**

Commenting on the pensions dashboard, **Verona Kenny, Head of Intermediary, Seven Investment Management (7IM)**, and an Aussie born fan of compulsory superannuation, said:

“Mark Twain might have famously said that ‘the report of my death was an exaggeration’, and yesterday’s confirmation that the Government is committed to the pensions dashboard shows that some have been too quick to write this crucial initiative off. Successive governments have put off taking the drastic action needed – any Aussie will say pensions savings must be compulsory.

“The pensions dashboard, combined with auto-enrolment, gave us hope that finally policymakers were grasping the nettle. With the decision to hand the pensions dashboard over to the industry, we hope the industry can make this work.

“The proof will be in the feasibility study and there is still much to hope for. State pension data will be crucial, and that will be in the hands of Government. The jury, for us, is still out on how quickly the financial services industry can rise to ‘the best of industry innovation’ – whilst technology is an area we have invested heavily in, we still see little widespread digital engagement across the industry.

“Research we conducted last year\* suggested only one in ten consumers think they are on track for a comfortable retirement, and 15% were unsure of what their position is. The pensions dashboard is an important step in helping savers be in a better position of knowledge and whilst we are still hopeful, we don’t want to see a ‘make do and mend’ solution.”

**Notes to Editors:**

*\* The 7IM research was carried out by Opinium based on an online sample of 2,025 representative UK adults between 30 June and 4 July 2017.*

### **About 7IM**

It all began in 2002, with seven of us in a basement establishing Seven Investment Management (7IM) because we couldn't find anywhere we wanted to invest our families' money. Our assets under management now stand at around £14.3bn (more than doubling since 2013), and we have moved from 'basement' to 'Bishopsgate' in the City of London. There are

now around 266 of us.

We manage money aiming to meet people's medium to long term return expectations. Fundamentally, we believe in active asset allocation in both active and passive investments (where we were one of the first to offer actively managed passive portfolios). We build global portfolios based on that allocation, and include alternative assets where appropriate to manage the risk reward trade off. Active currency management is also at the core of what we do.

7IM provides investment services to professional wealth managers, planners, advisers and private investors. These include: Discretionary investment management, a range of multi-asset portfolios, an investment and open architecture trading platform and a fantastic app, 7IMagine, which brings client portfolios to life.

### **Multigenerational investing**

We do our best to pass on economies of scale, reducing fees so more investors within a family save with us. Grandparents, through to parents and their children can invest as individuals with one charging structure – whether they live under the same roof or not.

A story of continuous innovation.

In 2013, we launched 7IMagine, an app allowing investors and advisers to keep up to date with their portfolio. The brainchild of some clients – professional 'gamers' uninspired by their paper statements – 7IMagine was enriched in February 2016, with My Future. Again using gaming technology, My Future allows advisers and investors to capture details about family or individual finances, including any number of streams of income, properties, other assets and expenses, to help identify how sustainable their finances are and if / when their retirement income will run out.

### **Our funds**

- Our **AAP fund range (Asset Allocated Passive)** is populated largely with passive structures to keep costs to a minimum. Asset allocation is actively managed to help exploit opportunities and reduce risk across the spectrum: **7IM AAP Adventurous, 7IM AAP Moderately Adventurous, 7IM AAP Balanced, 7IM AAP Moderately Cautious, 7IM Cautious and 7IM AAP Income**. Some of these risk profiles have funds domiciled in both Dublin (with UK reporting status) as well as the UK.
- Our **Multi-Manager fund range** invests in a range of active and passive vehicles. Costs still matter, but if we think an actively managed fund can outperform a passive alternative we have the freedom to choose it. Asset allocation is actively managed. Again, there are different funds for different profiles: **7IM Adventurous, 7IM Moderately Adventurous, 7IM Balanced and 7IM Moderately Cautious**. Again, some of these risk profiles have funds domiciled in both Dublin (with UK reporting status) as well as the UK.
- We also have a selection of funds designed to meet specific needs, such as the **7IM Personal Injury Fund**, the **7IM Real Return Fund** or the SRI focussed **7IM Sustainable Balance Fund**.
- We also have a range of 'smart passive' funds known as the equity value funds. The range includes: the **7IM UK Equity Value Fund**, the **7IM US Equity Value Fund**, the **7IM European (ex. UK) Equity Value Fund** or the **7IM Emerging Markets Equity Value Fund**. These are entirely systematically managed based solely on company fundamentals, the aim being to outperform the relevant passive market cap-weighted alternative by selecting profitable, high-quality, cash-flow generating companies that trade at a discount to their intrinsic value.

## Our Model Portfolios

The 7IM Model Portfolios are a range of risk rated portfolios and are available within our discretionary investment services and standalone on the 7IM platform and other platforms. The Models use the same investment process and asset allocation as our funds.

Our range of Model Portfolios are available across the risk profiles: **7IM Adventurous Model Portfolio, 7IM Moderately Adventurous Model Portfolio, 7IM Balanced Model Portfolio, 7IM Moderately Cautious Model Portfolio, 7IM Cautious Model Portfolio and 7IM Income Model Portfolio.**

The 7IM funds and Model Portfolios are available through the 7IM Discretionary, Managed Investment, Platform, and Self Invest services, as well as on other platforms.
