

# 7IM PASSIVE ADVENTUROUS MODEL PORTFOLIO

AS AT 31 DECEMBER 2023

## Investment objective

This model portfolio aims to blend asset classes in order to generate returns through a combination of capital growth and income.

## Investment strategy

The model is part of the 7IM Passive Model Portfolio range which is made up of six models with different risk profiles from Cautious to Adventurous Plus. The model is at the higher end of the range. Through its long term strategic asset allocation (SAA) the Manager will customise the most suitable mix of asset classes for each of the Passive risk profiles.

## Important information

Prior to 30 June 2021 the 7IM Passive Model Portfolios were known as the 7IM Pathway Model Portfolios. Please note these are different model portfolios to the ones previously known as the 7IM Passive Models which were launched in January 2013 and are now known as the 7IM Blended Model Portfolios.

The value of investments may go up and down and you may get back less than you invested originally.

Models are constructed under the principles of prudent diversification. All assets are denominated in UK Sterling.

The investment or investment service may not be suitable for all recipients of this publication and any doubts regarding this should be addressed to your Financial Adviser.

\*The ongoing charges figure (OCF) shown is correct as at the date of this factsheet but will vary in future dependent on the holdings within the Model.

\*\*7IM's model portfolios are mapped against a selection of third party risk profiling tools to assist advisers as part of suitability assessments for clients. Such tools are however only one aspect of an adviser's suitability process and other such as the clients' investment term / horizon and knowledge and experience should also be considered. The methodology of third party risk profiling tools is not endorsed by 7IM and individual fund risk profiling scores may not correspond precisely to the risk indicators in the 7IM fund literature.
